The Chiefs, who were always told by Big 11 followers that they couldn't win consistently in the league, proved them wrong in their first year by winning the Big 11.

Well, those same followers are saying the reason they won last year was because it was Lakeland's best team ever.

The Chiefs started to prove themselves again Friday with a 4-4 defense that gave Riverside only 40 total yards all night. Thirty of those yards came on a pry to split and Roh Sochouka in the second half, Lakeland put their first points on the board with only 3:20 ticked off the clock.
